Proposed Field Notice [REDACTED] EMPLOYEES ENGAGED
BY CONTRACT INTEGRATION OF CONTRACT PERSONNEL

25X1A

Discussed this with the SCO regarding necessity for reasons given in second paragraph. He stated that need for reasons was apparently Agency policy and that he had formulated those stated in this draft on the basis of experience. Although it would appear that we should be able to exercise sufficient control over a contract agent to enforce his voluntary resignation from any other Agency of the Government into which he had been integrated, it is obvious that difficulties might be encountered if the individual became recalcitrant.
